Supporting the cultivation,
appreciation
and improvement of irises

About the Garden State Iris Society

The Garden State Iris Society (GSIS) is a club for New Jersey gardeners, growers, hybridizers (flower breeders who develop new iris colors and forms), and lovers of garden irises.

We're an affiliate of American Iris Society (AIS) Region 3, covering NJ, DE and PA. This nonprofit organization of iris enthusiasts encourages iris culture through education, exhibitions, field exploration and garden activities for all ages.

Join **GSIS/AIS** and you'll get to attend and enter local iris shows as well as the annual AIS Convention. You'll be invited to iris sales, auctions, garden tours and other iris-focused events.

Want to grow beautiful irises in your garden, maybe win a show ribbon or two?

Then GSIS is for you! GSIS members have access to the most modern iris varieties and different iris types (not available at local nurseries).

You'll learn how easy it is to grow:

- | | |
|------------------|---------------------------|
| ...Bearded iris | ...Louisiana iris |
| ...Dwarf iris | ...Siberian iris |
| ...Japanese iris | ...Reblooming iris |
| ...Dutch iris | ...Novelty iris, and more |
